

Bitville's SuperPool

Bitville's innovative Super Pool Game is a leaderboard game that runs two simultaneous pools, one being a daily jackpot and the other a running jackpot.

Each player gets ten matches per wager, the player's rank in the pool is determined by total points earned each day. The highest ranked player for the day, wins the daily pool. If no goals are scored, earning you the position of the highest ranked player, you will win both jackpots.

Features:

- ✓ Simple and Easy to play
- ✓ Generate massive Jackpots
- ✓ Unique leaderboard betting game
- ✓ Two running Jackpot games with daily Jackpot winners

SuperPool Jackpots

- The 2 jackpot pools are named as Daily Jackpot and Running Jackpot.
- For each entry, the ticket price is Sh50.00.
- When you buy a ticket, the player gets 10 random matches at particle wager.
- Daily sales are split into percentages to Daily Jackpot and Running Jackpot.
- Every week, the highest ranked player in the pool is determined by the sum of all points after the matches.
- The winning ticket is published everyday at 8 PM.
- The player entries will be for the next day's draw, if any played matches starting after the Daily Jackpot.

- ✓ Risk free pool based betting game
- ✓ Integrated with Sports Radar Soccer feeds
- ✓ Configurable margins
